

## Resources for Children and Young People

The Giving in Grace website ([www.givinginrace.org](http://www.givinginrace.org)) has materials appropriate for working with children's and youth groups.

One of the sermon series - from Exodus, (see <http://www.givinginrace.org/preaching/exodus.html>) has been prepared with All Age Worship in mind: there are notes for five sermons, and in addition Godly Play scripts for the stories each week. There are other activity sheets and suggestions for involving children in the worship and teaching sessions.

The introduction sheet 'Preaching' (<http://www.givinginrace.org/preaching/preaching.html>) includes links for ideas for working with:

- Children - 'Children and Giving' ([http://www.givinginrace.org/preaching/children\\_P6.html](http://www.givinginrace.org/preaching/children_P6.html)) and
- Teenagers 'Teen Talk' (<http://www.givinginrace.org/preaching/TeenTalk.html>)

The full listing of downloads (<http://www.givinginrace.org/downloads.html>) has a section on 'Preaching' and within that list are the materials specifically available for 'Children and Teens'.

For Teens there are five outlines for discussions (Teen Talk Introduction / Giving / Trade / Lifestyle / Response). Case studies from John Wesley, Bill Gates and George Michael also provide food for thought in relation to attitudes on giving and wealth.

A further source of material and advice for stewardship teaching with young people can be found on the Parish Resources website at

<http://www.parishresources.org.uk/issues/young%20people.htm> .

This includes 'Episodes' - six sessions for young people around stewardship themes
