

Dear Pupil

You have been invited to take part in a **free** series of webinars offered by ExpertEdLive: '**Aim 5 Maths Online**' an online programme for GCSE students who are aiming for a grade 5. These live, interactive sessions are led by experienced maths teachers, including an examiner, and focus on building confidence with the key topics needed for success. The sessions will help students strengthen their understanding of core concepts, tackle common problem areas, and develop strategies to secure marks across the exam papers.

The series will be hosted live events. Participants will be able to interact with polls, submit their own questions to be answered by our experts and attempt takeaway questions between events.

Feedback from previous GCSE preparation series has included:

Just wanted to say how much our students enjoyed the online maths last night. They found it really helpful & are looking forward to the next one! TEACHER

Thank you for holding the sessions they are extremely helpful and I believe they have already helped me during my recently completed mocks, I am immensely grateful. STUDENT

Sessions will be delivered as Zoom webinars on the following dates:

Aim 5 Maths Online – 10 Tuesday evenings beginning 24th February 6:15-7.00pm

We would be delighted to have you join us for these sessions. Registration links are available on our website <https://expertedlive.org/gcse-maths-preparation/> or [click here](#). Places are limited so please register soon to avoid disappointment!

On behalf of ExpertEdLive,

Gordon Montgomery
