The Diocese of
Peterborough

Dear CEOs, Executive Headteachers, Headteachers and Chairs of Governors

Thank you. These are two words which are easy to say but mean so much. On behalf of the Diocesan Board of Education, THANK YOU for all that you do to support the education of children and young people across the Peterborough Diocese. Our exceptional church schools provide such high standards of education – and all within loving and supportive communities. We are so grateful to you and your colleagues for the commitment and dedication you show year on year. Please be assured that you are always in our prayers and we look forward to walking with you in the coming year.

The course, conference and consultancy programme, over this next academic year, continues to be exceptional value for money. We know that finances are tight and so we have worked hard to keep cost increases low whilst continuing to develop our programme. Last year we had excellent feedback for our three Headteachers' Conferences at the Kettering Park Hotel and this year we will have three more – all led by distinguished international educational leaders. The great news is that, if you sign up to the Gold SLA, virtually all this training is free. It is also heavily discounted for Silver and Bronze. In addition, there are a number of services that are entirely free of charge to all. Everyone likes a bargain and this is part of our ongoing commitment to all our schools.

If you buy into the Gold package you receive a Diocesan Schools Consultant (DSC) to work with your school each term. This is at no extra cost to your school, although interestingly, the actual cost is over £800 per school to provide in real terms. Your feedback shows that schools have valued this and the provision of the DSCs has ensured that our schools have received great SIAMS reports. Not many dioceses are able to offer DSCs and we are blessed to have them.

I hope that this package of training will help your schools become even better educational communities, where children and young people experience education for life, which is deeply Christian and serves the common good.

With my thanks and best wishes,

A handwritten signature in black ink, which appears to read 'R Ormston'. There is a horizontal line underneath the signature.

The Venerable Richard Ormston
Chair of Diocesan Board of Education

Diocesan Service Level Agreement (SLA): 2025-26

As part of the wider diocesan family of churches and schools, we offer support to all our Church schools, heavily subsidised by the Diocesan Board of Education (DBE). The Service Level Agreement (SLA) between the DBE and our Church of England Schools is renewed every academic year in September. We continue to receive very positive feedback from schools, who have commented favourably on the range and quality of our courses and conferences, the input of our Diocesan Support Consultants and the responsiveness of our DBE Education Team. Accordingly, the Board has decided to continue with the SLA in a similar format. The SLA will run from 1st September 2025 to 31st August 2026. After careful consideration, whilst trying to keep costs below the rate of inflation in these challenging times, we have made some modest increases to our prices (see the SLA form). We hope you will confirm your school's wish to sign up for the SLA by completing and returning the form as soon as possible, and by 30th September at the latest. This will ensure your school gets full benefits from the scheme and will allow us to plan the input from our Diocesan Schools Consultants and DBE Education Team.

Please note that the costs and benefits are essentially the same for maintained schools and academies, whether in PDET or another academy trust, or a school which is part of a local authority. We hope that you will choose to strengthen your links with the Diocese and the family of Church schools by signing up to the SLA this year, so your school or academy benefits from the training events detailed here and the support we offer.

Training event charges per delegate

This charge applies to schools and academies for each delegate attending our training events. For Gold SLA schools there are up to two free places at the termly Headteachers' Conference at Kettering Park Hotel, which is also appropriate for SLT members and Governors (there is a £50 charge if a place is booked and no-one attends). There are also up to two free places at all other courses and events, for Gold SLA schools (but a non-attendance fee of £30 will be charged for face to face courses to those who do not cancel their booking giving 2 days notice and / or do not attend). The usual charges for courses and conferences, including the discounts for Silver SLA and Bronze SLA schools can be found in the table below. All bookings should be made via www.peterborough-diocese.org.uk/church-schools.

HEADTEACHERS' CONFERENCE 11 JUNE 2026 SUMMER TERM: SUCCESSFUL LEADERSHIP & MANAGEMENT

Thursday 11 June 2026 9.15am - 3.30pm Kettering Park Hotel Kettering Parkway Kettering NN15 6XT	This Headteachers' Conference will explore effective leadership and management, considering three key areas for leaders that are sometimes overlooked. Firstly, Andy will explore what we know about effective decision-making, culminating in a single powerful habit that will maximise the chance you get them right, even when under pressure. Secondly, drawing on trusted research, he will examine how we build our own personal resilience, never more needed than now. Finally, and building on our 2024 Headteachers' Summer Conference, Andy will focus on a key skill that is at the heart of great leadership: being 'great to talk with'. By carefully outlining the key elements of a coaching leadership style, delegates will be empowered to converse with colleagues in a way that brings out the very best in colleagues right across their school(s). ** We are delighted to have Andrew Lakatos as part of our school improvement team. His experience and knowledge have benefitted many schools in the Diocese. Each year Andrew's desktop risk assessment identifies possible 'vulnerable' schools that may benefit from support more directly linked to Ofsted standards. In addition, this desktop risk assessment also identifies other schools that may benefit from additional support. Though not considered as 'vulnerable', data may suggest some areas that would benefit from focused support. For these schools that have purchased a Gold SLA, this support can be accessed at no extra cost, by simply exchanging the bespoke project time for school improvement time. This equates to one day of standards-focused improvement support. Further Ofsted focused school improvement support for Gold SLA schools can be booked at the significantly subsidised rate of £250 per day thereafter, up to a maximum of four days.*
