

St Edmund's Warkton – St Botolph's Benefice

St Edmund's is set in the conservation village of Warkton which forms part of the Boughton Estate. Particular highlights of the Church are the Montagu Monuments situated in the chancel.

Our environment conscious Measures

- Minutes and Agendas for PCC are sent by email in addition to messages to all.
- LED lights are replacing traditional light bulbs including floodlighting.
- Heating kept to a minimum.
- Floral decorations for festivals include the use of wicker baskets which are given as gifts after the key services and then collected ready for future use.
- All our crockery and cutlery has been donated to avoid the use of plastic/paper tableware.
- People walk to church and come in cars but giving lifts is increasing which saves car parking spaces.
- During the harvest festival home grown produce and a cornucopia of delicious home-made cakes, preserves and goodies are sold.
