HOW TO PIONEER

A FIVE-STEP GUIDE TO GETTING STARTED

**Praise for *How To Pioneer*
(*Even If You Haven't a Clue*):**

This is a “can do” book, best put into the hands of people who sense a desire to respond to the call of God to reimagine things, but don't quite know the steps to realise it. It is deeply practical, deeply hopeful and deeply involving.

Archbishop Justin Welby

How to Pioneer: A Five-Step Guide to Getting Started opens up the wise insights and practical know-how of David Male's acclaimed *How to Pioneer (Even If You Haven't a Clue)* in order to encourage and equip local churches who are contemplating setting up a pioneering church community, but are unsure how to get going or what will be involved.

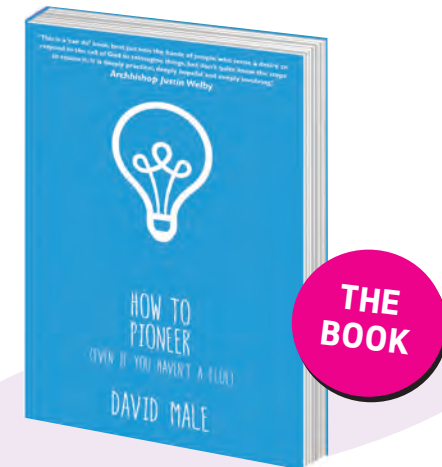

- Illustrated, full-colour course booklet consists of five group sessions, based around chapters of the original book
- Each session is accompanied by specially commissioned animations available free online or on DVD
- Available individually or in money-saving packs of six copies
- Ideal for use with small groups, a PCC or even a whole congregation.

The new study guide, the original book and the accompanying animations are all available now via:
